**Directive 95/46/CE** – “on the protection of individuals with regard to the processing of personal data and on the free movement of such data”.

**Directive 2002/58/CE** – “concerning the processing of personal data and the protection of privacy in the electronic communications sector”.

**Legislative Decree 30 June 2003, n. 196** – “Personal Data Protection Code”.

### THE “DATA CONTROLLER”

As a consequence of the visit to this Site, the data referring to identified or identifiable people are subject to be processed. The “Data Controller” of such processing is Delta Line S.p.A., which is based in Via Ludovico il Moro 4/B, Palazzo Pitagora – Milano 3 City, 20080 Basiglio MI (Italy)

### PLACE OF THE PROCESSING OF PERSONAL DATA

The treatments related to the web services of this website take place at the service provider appropriately appointed Data Processor and are only handled by technical staff in charge of occasional maintenance operations

### KINDS OF PERSONAL DATA PROCESSED

- Navigation data -

The computer-based systems and the software procedures involved in the working of this Web site, in the course of their normal service, come into possession of some personal information, the transmission of which is implied in the use of the protocols of Internet communication.

This information is not collected to be associated to any identified people, but, through processes and associations with data owned by third parties, by its own nature might lead to the identification of users.

In this category of data are included the IP addresses or the names stored in the domain of the computers used by those who access the Site, the addresses in notation URI (Uniform Resource Identifier) of the required resources, the time of the request, the method used to forward the request to the server, the size of the file received in reply, the digit code showing the state of the reply given by the server (good, error, etc...) and other parameters connected with the operating system and the structure and conditions of the user's computer.

This data is used only to get anonymous statistical information about the use of the Site and to check its correct performance and is deleted immediately after processing. The data might be used to investigate responsibilities, should there be any data processing offences against the Site: apart from this possibility, at present the data on Web contacts does not last for more than seven days.
